

July/August 2015 Prayer Letter

*Trust in the Lord with all thine heart, and lean not unto thine own understanding.
In all thy ways acknowledge him and he shall direct thy paths. Prov. 3:5-6*

When I was a kid, I was sometimes scared at night about what might be lurking under my bed. (And during the day, after I had "cleaned" my room, my mother was scared to look under that same bed.) However, once I knew what was under the bed, and realized it was nothing, I was no longer afraid. Once the mystery is gone, and we know we are safe, the fear is gone. Many times the future holds uncertainty. It is a mystery. This can cause us to fear. But nothing is a mystery to God. He sees it all, and He is leading us in the way He chooses. If we simply trust Him, believing that yes, God does know what He is doing, we will be better for it. He will direct us. Following is our job. Leading is God's. He never fails. We have no reason to fear.

Exciting News

Our plan had been to move to Honduras in December of this year. After some recent changes in the ministry there, we have been asked if we could possibly get there any sooner. We are now excited to have moved up our departure date by six weeks, and we are planning to go in October. We believe we are at approximately 81% support--please pray for the rest to come in! We also ask for prayers that the Lord would show himself mighty in providing for every necessary expense.

Praise Highlight

Our suburban has carried us 26,000 miles in the last year through 24 states. God continues to use this vehicle for His glory. This past month, we had some difficulty with the power steering and the brakes, (including one exciting afternoon), but God protected us and provided for us in completely unexpected ways! It is now once again running great, thanks to the faithful servants of our dear Lord.

We have much to be thankful for, and much to pray about in the days ahead! Thank you for lifting us up in your prayers and support.

*Because He is Worthy,
Adam, Aleassa, Lily, Jackson, Max & Tanner Jarvis*
