April 2016

Dear Praying Friends,

April was a busy month! We were blessed to host a medical mission's team from our sending church. A bus and trucks were sent to the nearby villages to bring in people, and while they waited to see the doctors, they were given a presentation of the Gospel by several of our young pastors. The medical team worked long hours with a joyful spirit and treated over 700 people. Several professions of faith were made--praise the Lord!

God has allowed us the opportunity to care for a three year old girl named Karyn Liseth (pictured). When they brought her to us, she had been living in the streets and being taken care of by her older brother. The situation is unique in that her mother is living and visits regularly, but is currently unable to safely care for her. We do not know how long we will have the privilege to care for little Karyn, but we are thrilled to have the opportunity to show her Christ's love for as long as we have her. She is a fun and lively addition to our family!

We do not have any further updates on our residency paperwork, other than that we are still waiting for the ministry paperwork to be completed so that ours may in turn be completed. This is still a very big prayer request that requires much wisdom.

We are thankful for every day that the Lord allows us to be here. It is a very needy and difficult place to minister, but the more we get to know the hearts of the people we are ministering to, the more God establishes in our own hearts the desire to stay no matter what. The physical needs in Honduras are great, but the spiritual needs are so much greater!

Because He is Worthy,

Adam, Aleassa, Lily, Jackson, Max & Tanner Jarvis

PRAYER REQUESTS

We have updated a detailed list of both ministry and personal needs on our website. Here is a brief summary of requests.

- For** our residency paperwork to be completed before the end of 90 days.
- The** many physical needs and repairs necessary on this property.
- The** salvation of each child at the Hogar de Amor.
- The** completion of construction of our house.
- For** Karyn's mother to be saved and rehabilitated that she may reunite with her family.
- The** health of our family.
- Homeschooling** and language learning.
